Ann/Cam:

I just wanted to say thank you again for your presentations today. I found them very informative. Please give us a heads up when you think you might have an update and we will set up another web conference.

Thanks, Palmer

Ann:

We received both presentations, thanks for providing them in advance.

Judy will be sending you the URL for the webinar shortly.

Thanks, Palmer

Hi - I'll be sending the presentations in the next 1/2 hour or sooner.  
Please confirm when you receive.

Thanks,  
Ann

Ann:

Yes we are using gotomeeting. I'll follow up with Judy and make sure you get the URL.

Yousendit is great, I'll be on the lookout for it.

Thanks, Palmer

Hi Palmer -

We are going through final review of our presentations here, but they are almost ready to send to you - I'll probably do so by YouSendIt because of their size.

I'll let you know in the next hour or so about adding people to the webinar. I assume we'll be using GoToMeeting?

Thanks,  
Ann

Ann:

I'm just checking in to see if there are any other folks you would like to add to tomorrow's webinar. Also, checking in to see if you are ready to share a powerpoint.

Thanks, Palmer

Pebble work

Palmer -

Cam is out of the country until Monday, but his schedule looks free for that time, and I am available. You might want to include Dave Albert, who is at TNC and also presented to you last December. His email is [dalbert@tnc.org](mailto:dalbert@tnc.org). I can let you know by Monday Nov. 14 if others will be attending. We'll put together a PowerPoint and will endeavor to send it to you by Wednesday, Nov. 16 at the latest.

Thanks,  
Ann Maest

Ann:

Thank you again for your earlier presentations to EPA, we would be very interested in hearing updates on your work.

We can arrange a web conference for next Thursday November 17 from 1-3:30 PM ET. Please let me know if that works for you and we will email you and Cam the web conference URL and call in information. Also, please let us know the email addresses for any additional folks that plan to join you and Cam for the webinar so that we can include them on the invitation.

Thanks, Palmer

Update on

Pebble work

Hi Palmer –

Not sure if you remember me, but I presented to you and others at EPA last December about our work related to the Pebble Project in Alaska.

Cam Wobus and I have continued to work on the hydrologic and geochemical aspects of the proposed project, and we have some updates that you might be interested in. Let me know if there's a good time to get on a call.

Best,  
Ann Maest
